

St Andrew's Centre Vision

Our vision for the St Andrew's Centre is of a key place where we can serve our local community and engage in mission and ministry to the people of our village. Our aim is to create a place of warmth, welcome, life and hope.

In line with Jesus' fourfold actions of invitation, welcome, challenge and summons, the St Andrew's Centre is to be a place where:

- we are able to *invite people* to follow Jesus and believe the good news
- all people are *welcomed* with the hospitality of Jesus Christ, whatever their situation and background
- all can respond to the *challenge* to be active participants in God's kingdom
- those who have heard the *summons* of Jesus to lay aside everything for the sake of the gospel can be supported and nurtured.
